

FREE INDUSTRIAL MAINTENANCE CLASSES

Overview:

- FREE classes
- Classes focus on the fundamental skills needed for entry-level positions in the Manufacturing and Renewable Energy industries
- Training will be provided in areas with the highest level of interest: Granite Falls, Worthington/Jackson, or Marshall
- Expected start dates: October 2010 & March 2011
- 12 participants per class; up to 30 for Boiler Engineering
- 4 days per week – 4 or more hours per day for 12 weeks
- Interested participants must contact their local Adult Basic Education Office to complete a CASAS Assessment in order to qualify
- Priority will be given to those willing to complete all courses
- For more information and forms, visit:

www.tinyurl.com/indmaint

How to Apply:

- Contact your local Adult Basic Education (ABE) office for a CASAS assessment
 - Marshall - 507-537-7046
 - Granite Falls - 320-269-9297 x116
 - Jackson - 507-847-7927
 - Worthington - 507-376-6105
- Request and fill out an interest survey for the Industrial Maintenance training program from your local ABE office or WorkForce Center

Note: You will NOT be contacted to participate without an assessment from ABE

Application and forms are available online at: www.tinyurl.com/indmaint
